Nowadays, there are in all world, are a lot of different films: documentaries, romantic, fantastic and etc. It is difficult to find a normal documentaries film to watch with your family. I went to cinema and saw one wonderful film, yesterday. The film's name was "Stories about history of Moscow". Film was about Moscow; when town was founded; why it was founded; who was a founder; where town was founded; what nationalities lives there. There was about population and wars also. This film about secrets of capital of Russia.

Some people think that this film was a fantastic and it is not true. But I say: "Film, "Stories about history of Moscow" is wonderful film. We can learn about "history of capital of own country". I would recommend the film to other people.
